

# Technical Data Sheet

## DUAL POWER POST - DIVIDED

Our Small Base Single & Dual Power Posts are compact in design and ideal for creating a centralised power distribution or grounding point. Several configurations are available in order to suit a variety of applications.

### Features

- Allows terminating of heavy-duty cables for one or more connections
- Available in Red or Black
- Glass Fibre reinforced Nylon base ensures great mechanical strength and durability
- Insulated Base ensures no current leakage to mounting positions
- Heavy Duty Terminal Studs (up to M10)
- Small Base allows for easy installation in tight spaces

### Specifications

| Specifications   | Part Number  | Description                            | Size | Colour |
|--|--------------|--|------|--------|
| Base Material: Nylon, Glass Fibre Reinforced           | SBBK_DPD-M10 | Small Base - Dual Power Post - Divided | M10  | Black  |
| Stud Material: Stainless Steel                         |              |  |      |        |
| Screw Nuts Material: Nickel-plated Brass               |              |  |      |        |
| Max Operating Voltage: DC 48V                          |              |  |      |        |
| Max Amp per Circuit: Determined by Wire Size Connected |              |  |      |        |
